Meeting of Loyal Band—In the recollections of India given by Mrs. Stephen Bolles before the Loyal Band at the Congregational church, Tuesday night, she said the first missionaries she had known while living there were the father and mother of Mr. and Mrs. Gates, of the occasion, Mrs. N. V. Gates. She described vividly the conditions prevailing in just the kind of a town where this mission station was located. The native customs, the flies, the heat, and squalor of living conditions the pranks of native children and other problems met with by missionaries were sketched with a vivid touch of one who knows. Mrs. Katherine Gates, described some of the responsibilities of the mission where she is located, which include a boys' school; a boarding school; a day school and industrial work; twenty-five babies aged two to six in a kindergarten; six Hindoo day schools; a lower asylum; a young men's class; classes of bible women; and a large district comprising many churches and schools. She described some of the every day experiences of the work and gave some of the beautiful new hymns composed by native converts for church choruses, with their weird accompaniment of water castanets. Those at the meeting improved the opportunity of becoming acquainted with the speakers, at the close of the program making an examination of Indian curios owned by Mrs. Gates. A group of musical numbers sung by a Ladies quartet were features of the occasion.

ST. PAUL SAFETY COMMITTEE MEETS

Safety first committee of the Mineral Point and Prairie du Chien divisions of the Chicago, Milwaukee & St. Paul railway held a conference here Wednesday afternoon with Superintendent J. A. MacDonald, Madison. The meeting was held in the superintendent's car. Engineers, firemen, agents, section foremen and trainmen were present.

Trains on the Mineral Point division were ordered Wednesday to proceed slowly at Darlington, due to a light washout by high water.

Fifty empty cars day for gravel hauling have been ordered by local gravel interests of the C. M. & St. P.

Auditors are inspecting the books of the Chicago & Northwestern divisions and also the C. M. & St. P. here. The St. Paul men are E. C. Fraser, going over the freight house books, and A. H. Wagley, inspecting those at the passenger depot.

Sunday trains on the Mineral Point division of the C. M. & St. P. will stop at the end of the Juba platform to avoid mud.

Train employees of the C. M. & St. P. will start ordering spring and summer uniforms next week.

2 MORE IN FIELD FOR COUNCIL JOBS

Badger to Oppose Horn in First—Weirick Will Run in Sixth.

A warm contest for first ward alderman became assured, Wednesday, when it was announced E. L. Badger, 1021 North Washington street, will oppose L. D. Horn who is seeking reelection. The race will be unusual in that both represented the first ward on the common council from 1918 to 1921. Mr. Badger having been defeated by John C. Harlow at the spring election last year.

Announcement was also made Tuesday of the candidacy of Maurice Weirick, 115 Sinclair street, for alderman in the Sixth ward to succeed C. J. Smith who has announced he will not run again because of leaving the city. Nomination papers for both new aldermanic candidates, Weirick and Badger, are being circulated.

Mr. Badger, formerly of the Badger State Machine company, is now employed at the Jamesville Fence & Post company. Mr. Weirick, of the Rock County Abstract company, is one of the youngest candidates to aspire to an aldermanic office here. He is a veteran of the World war, having served one year overseas with the 20th Field Signal battalion. He is a member of the Rotary and LaSalle clubs.

Although the period for filing nomination papers is not until next week, the papers of P. C. Grant have been left at the office of City Clerk E. J. Sartell for filing when the proper time comes. His papers are the first and only ones given to Mr. Sartell so far.

Rumors current Wednesday that J. G. McWilliams would succeed Roger G. Cunningham for the city attorneyship were somewhat of a surprise to him, Mr. McWilliams said.

"It's the first I've heard of it," he stated. "Really I haven't even given the matter a thought."

As things stand today, four contests at the election April 4 are assured—one for present incumbent, W. J. Leary, against J. A. MacDonald, and Miss M. Francis Edwards as aspirants; one for alderman in the first ward; another for alderman in the fourth, with four in the field; and for constable in the fourth.

The following aldermen, seeking re-election, are so far unsupported: W. W. Manzoni, Second ward; J. J. Gibbons, Third; J. J. Dulin, Fifth. In the Seventh, Glenn Gardiner has announced his candidacy. Efforts are being made to get Mrs. J. P. Pritchett, a local woman, to run for alderman in the Second ward. Both seats from that ward are open, one for one year to fill out the unexpired term of the late Ald. George Smith.

PARKING SPACE FOR DOCTORS SUGGESTED

Amendments to the parking ordinance or special police regulations are being suggested to provide special privileges for doctors' automobiles. It is pointed out that many times physicians are obliged to park their cars at long distances from their offices so that in case of urgent calls they are delayed in responding. This is particularly true of doctors having offices in the Jackson and Hayes buildings, who often find difficulty in finding parking space outside the 100-foot zones on North and South Main streets.

PLAN SURVEY OF VETS OUT OF WORK

Legion Post Here Prepares to Aid Jobless Comrades

A survey of the number of former soldiers out of work will be made by the Richard Ellis Janesville post of the American Legion as part of its program for "Unemployment day," March 20. At the meeting of the post in Moose hall Tuesday night, it was decided to request Mayor Thomas E. Welch to issue a proclamation calling upon the business men of the city to cooperate in placing ex-service men in jobs. When the list of unemployed is completed, copies will be sent to every employer in the city.

J. Glenn McWilliams was appointed employment officer of the post. Men out of work are requested to get in touch with him, as are employers seeking help.

During the business session, Commander Ralph J. Kamp and Adjutant John M. Gross, Jr., reported on their attendance at the recent conference in Appleton. Malcolm Douglas was taken into membership. A social hour followed.

HERE'S WHAT EDITH JUST HAS TO HAVE TO STRUGGLE ALONG

New York.—Counsel for Mrs. Edith Kelly Gould, divorced wife of Frank J. Gould, Wednesday told Supreme Court Justice Newburger that his client needed \$15,000 annually for living expenses. These were enumerated as follows:

Clothing, underwear, shoes, etc., \$15,000.
Operating automobile, \$4,000.
Rent of apartment, \$6,000.
Food, \$5,000.
Entertainment, \$5,000.
Doctors' bills, \$2,000.
Dentist, \$1,000.
Dancing and music, \$4,000.

This statement was presented to the court by Attorney Gustavus Rogers, who asked that Mrs. Gould be granted \$100,000 for "her board and clothing, maintenance and other necessities," since her husband disclaimed her allowance after a divorce obtained from her in France nearly four years ago. Decision was reserved.

BAND PREPARES VARIOUS PROGRAM FOR CONCERT SUNDAY

With an increased membership and rehearsals twice a week the Bower City band is preparing for a public concert at 4 p. m. Sunday at Myers hall. This is to be the first public concert under the new director, Burr Tolles.

In an effort to please all in the community a varied program is being prepared. A feature of the concert will consist of a cornet solo "Rock of Ages" with variations by H. Burch, Elkhorst. Mr. Burch is prominent in the Frank Horton band of Elkhorst. Charles Christman, this city, is to play a trombone solo.

ILLINOIS STANDING PAT ON CEMENT COST

Springfield, Ill.—That the boycott against the "cement ring" and "excessive prices" is not broken insofar as Illinois is concerned, was intimated by Col. C. R. Miller, director of the department of public works and buildings, who announced all bids for cement over \$1.30 a barrel are being rejected.

Great interest was manifested in Janesville when the news of the fire in Chicago reached here early Wednesday. The Gazette telephone rang repeatedly. Early reports showed that the fire was in the very center of the business district. Users of the Union depot and the Northwestern station would only be a few blocks from the fire. Wires were badly disturbed but the one to the Gazette office was in order all day.

MARRIED 71 YEARS, THIS OHIO COUPLE STILL ENJOY LIFE

Mr. and Mrs. Samuel Murray. Samuel Murray and his wife of Madisonville, Ohio, a few days ago celebrated the 71st anniversary of their wedding. They met when in their teens. "And we're still falling more and more in love with each other," says Murray.

WOULD KILL SALES OF STOLEN AUTOS

Destroy Market and Stop Thefts, Is Plan of Commission.

(BY ASSOCIATED PRESS.)
Chicago.—Destroy the market for stolen automobiles and thereby stop the thefts, is the plan now in process of formation by the Interstate Motor Theft Commission here.

Law, police and protective devices have proved themselves inadequate, says W. R. Van Courland, commissioner. The professional motor-car thief is unabashed. Motor vehicles of an approximate value of \$100,000, the commissioner says, are stolen every day in the United States, despite all measures taken to check the thieves. Large numbers of persons thrive as a result of the traffic. The plan is this:

How Plan Works.
A car is stolen in Chicago. If the numbers are checked and two things happen, either a duplicate of some other number is made or a fake number, one that the manufacturer never placed on a car. When the car is sold and re-registered in any state, some number must be given. A duplicate number will immediately be caught and the two or more cars carrying that number will be thoroughly investigated. A fake number will show up just as quickly and be looked into. If the number is not changed there will be a report of the number on the commission's records. That of a stolen car and when the same number is registered again from the same state or any other it will immediately be caught.

The lack of any national clearance system in the past has been one of the largest contributing factors in making this lawlessness easy and profitable. Mr. Van Courland states. With the "Commission's" national clearance system in operation a car stolen in Maine, the numbers changed and the car sold and registered in California, would immediately be caught, he asserts.

"Fingerprint" System.
The plan is virtually a "fingerprint" system as applied to automobiles. A master record of every car registered in the 48 states as well as the new cars that come into existence is to be kept at the commission's headquarters. The numerical arrangement of the records makes checking of any vehicle simple and automatic. A "Smith Eight" for example, engine number 1234 is registered with the state. The Commission receives this number and goes to next it but finds another "Smith Eight" already registered in that state or some other—and they do not correspond in detail. It is immediately apparent that one is incorrect. No man changes these numbers except for fraud. It is a simple process of elimination for the law enforcement bodies having jurisdiction over these cars to determine where the trouble lies and then with the aid of the Commission, the original identity of the stolen car and to whom it belongs is determined.

Would Bank Market.
Through this "national clearance test" the commission believes it will be virtually impossible to dispose permanently of a stolen machine. Closely identified with the commission are sheriffs, police department heads, chamber of commerce secretaries, manufacturers, business and professional men. Names that appear on the national advisory board include Joseph A. Faurot, deputy police commissioner, New York; Dan Beard, national boy scout commissioner, J. A. Hall, education director, Associated Advertising Clubs of the World, and Gutzen Borglum, sculptor and president of the International Sporting club.

PARENTS CALL POLICE WHEN "KIDS" STAY OUT.
On an average of 20 children are reported to the police department every month as "lost." Chief Charles Newman stated, Wednesday, while in 50 of 100 cases, the children are either found by police or return home of their own accord when through playing it is that with some which makes police put forth every effort to locate children. Two were reported lost, Tuesday, and one, Wednesday, but all were found.

16 Perfect Infants Listed by Dr. Horner After Examining 73.

An army of babies stormed the city hall, Tuesday, and gurgled and cooed and howled all day long while being weighed and measured by nurses and examined by Dr. Blanche Horner, state health officer. The city hall lawn was used as parking space for the fleet of baby carriages.

More than 70 infants were examined. Assisting Dr. Horner were: Miss Alice Glenn, Red Cross nurse; Miss Anna Luescher, county nurse; Miss Hulda M. Andrews, visiting nurse; Miss Margaret Kavanagh, policewoman; and Dr. R. C. Hartmann.

Of the 73 children examined, only 16 showed good nutrition and no defects. Dr. Horner said that 50 percent of them were improperly fed. The poor attendance proves people of Janesville are interested in the subject of health. It was declared. Despite the assistance of Dr. R. C. Hartmann, Dr. Horner said that 50 percent of them were improperly fed. Of those examined it further medical attention was needed they were referred to their physicians. Clinics will probably be conducted in the future under the supervision of local doctors.

Travel Expo Opens Thursday

Sessions for the "Round the World" exposition, to be held at the Y. W. C. A. for three days, starting Thursday afternoon, will be held at 4 and 8 p. m. each day.

The exposition has been decorated. Association activities will be suspended during the three days. A. F. Plude, noted traveler and lecturer, will conduct the exposition. At each session he will tell of his travels through Japan, China and eastern Russia.

Each lecture will be different, and novel entertainment will be offered. Tea will be served each afternoon. Men as well as women are invited.

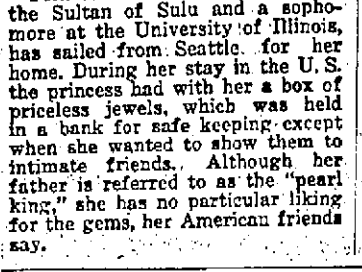

PRESBYTERIAN MEN IN "GET-TOGETHER"

A "Get-Together" supper will be held by the Ten's Bible class of the Presbyterian church at 6:30 a. m. Thursday. C. S. Atwood is president of the class and Supt. Frank Holt is teacher.

The every member canvass of the Presbyterian church will be held next Sunday afternoon. The committee in charge is made up of C. S. Atwood, P. E. Korte, H. M. Hanson. Teams are being formed for the work and the entire city will be covered.

SULTAN OF SULU'S DAUGHTER DEPARTS WITH HER JEWELS

Princess Tarahata, daughter of the Sultan of Sulu and a sophomore at the University of Illinois, has sailed from Seattle for her home. During her stay in the U. S. the princess had with her a box of priceless jewels, which was held in a bank for safe keeping when she wanted to show them to intimate friends. Although her father is referred to as the "pearl king," she has no particular liking for the gems, her American friends say.

SIGNS OF SPRING—TWO GRASS FIRES

Two roof and two grass fires in 24 hours made Tuesday and Wednesday fairly busy days for the fire department.

The two grass fires occurred Wednesday afternoon, at 1:15 on Oakland avenue, and at 2:15 on Poase Court. Sparks coming from the chimney of the home of Dr. P. C. Blinniewies, 215 Forest Park boulevard, did \$6 damage to the roof, Tuesday afternoon. A similar fire at the home of Fay D. Pickens, 1021 Careington street, at 9:30 Wednesday morning, caused a loss of \$15. Fire alarm box 313 was pulled.

A Bank Statement That Any Man or Woman Can Understand

The First National Bank

JANESVILLE, WIS.

Statement at close of business March 10, 1922.

The Bank owes its depositors	\$2,550,871.45
A conservative banker always has this indebtedness in mind and he arranges his assets so as to be able to meet any request for payment.	
For this Purpose we have	
I. Cash (Gold Bank Notes and Specie) and with legal depositories returnable on demand	497,976.33
II. Checks on other Banks in this city Payable in one day	8,570.87
III. U. S. Government Securities	203,923.14
IV. Loans to Individuals, Firms and Corporations Payable on demand, largely secured by Collateral	850,411.03
V. Loans to Individuals, Firms and Corporations Payable in 90 days or less, largely secured by collateral	823,402.35
VI. Loans Secured by Mortgages on Real Estates In no case does the loan exceed 50% of the value of the property	84,050.00
VII. Bonds Of Railroads and other corporations of first quality and easily salable	498,566.60
VIII. Banking House Furniture and Fixtures This is the amount at which our modern fireproof, completely equipped Bank Building is carried on our books. This figure is but a fraction of its value.	49,325.00
Total to Meet Indebtedness	\$3,016,225.32
IX. This Leaves a Surplus of 465,353.87	
Which becomes the property of the stockholders, after the debts to the depositors are paid, and is a guarantee fund upon which we solicit new deposits and retain those which have been lodged with us for many years.	
In addition to the resources listed above there is an additional Stockholders' liability of \$200,000.00.	
Our listed resources, enumerated in this statement, do not and can not include those assets of friendliness and helpfulness which this bank has in the personnel of its board of directors, its officers and employees. These are assets which pay dividends to our patrons in service and satisfaction.

WHAT HAS GONE BEFORE. George Alton goes to work at the home of Planter, a rich man, when his father loses all his property—a business. George becomes a horse trainer and as a part of the job acts as groom to Sylvia Planter when she rides. Sylvia is thrown unconscious, George kisses her, calling out that he loves her. She drives him from the place and George threatens her brother, who goes to horse-ship him, but in a fair fight. He seeks an education, goes to Princeton, meets Betty, a tutor, gets a place on the football team and aids his college to win championships. He has determined that Sylvia Planter shall marry him and meets her several times, each time seemingly widening the breach between them. But he continues in the determination. Betty Allison is very kind to George, and at her home meets her friend, Sylvia, which is embarrassing. George gets a job with a broker, secures a success, and in college secures a high social position. But Sylvia still flouts him, and he goes to a scandalous, Dairymple, George goes to training camp and says, "I'll fight over- seas."

(Continued from yesterday.) Blodgett, George guessed, was tottering to the threshold of expansive sympathy. He drew back, beckoning George.

"Here's your purchaser, Alton. I never know a half back stay single so long. He's a real hero. He's bound to need a nest soon."

"Is there anything in that, George?" George wanted to tell Blodgett to mind his own business. How could the man, after his recent, exuberant, make cumbersome jokes of that sort?

"There was a time," Mr. Alton went on, "when I fancied you were going to ask me for Betty. The thought of refusing used to worry me."

George laughed uncomfortably. "You would have refused?" "Naturally. I don't think I could have said yes to Lambert if it hadn't been for the war. If you ever have a daughter—just one—you'll know what I mean."

From the three men George received an impression of imminence, shared by himself. They talked merely to cover their suspense. They were like people in a throne room, attentive to the entrance of a figure, exalted, powerful, nearly legendary. Betty, he reflected, had become that because she was about to marry. He found himself fascinated, too, looking at the door, waiting with a choked feeling for that girl who had unconsciously tempted him from their first meeting. Her arrival, indeed, had about it something of the processionary. Mrs. Planter entered the doorway first, nodding absently to Betty. Betty's mother followed as imperial as ever, more so, if anything, George thought, and quite unaffected by the deeper elements that gave to this quiet wedding in a tiny room a breath of grandeur.

It was Betty Alton Planter! That evolution clearly meant happiness for her. She tried to express it through vivacious gestures and cheerful, uncompleted sentences. Betty, next without hesitation exposed in her walk, in her tall and graceful figure, in her face which was unaccountably colorful, in her eyes which turned from one to the other with a constant gleaming. George didn't want to look at her; her appearance placed him too much in concord with her reluctant father; too much in the position of a man making a hurried and unasked oblation.

RECIPES FOR THE DAY

Baked Eggs—Six eggs, three tablespoons butter substitute, three tablespoons flour, one cup milk, one-half cup grated cheese, one-quarter cup butter crumbs, one teaspoon salt, one-eighth teaspoon pepper, one-quarter teaspoon paprika.
Butter six eggs, six shrimps or individual casseroles. Break an egg carefully into each. Melt fat, add flour and when well mixed stir in the milk. Stir until the sauce thickens, add salt, pepper and grated cheese. Cover with this sauce, sprinkle with butter crumbs and bake in a moderate oven until firm.

Baked Eggs With Cheese—Among the excellent dishes to serve at breakfast or luncheon are eggs baked with cheese. Butter a shallow baking dish and put in a layer of bread crumbs about half an inch thick, then break over the crumbs as many eggs as will cover them. Grate cheese over the eggs to form a thick layer, season with salt and pepper, dot with bits of butter and pour three-quarters of a cupful of cream over all. Bake until the eggs are done and the cheese delicately browned.

Cabbage au Gratin—Select a firm white head of cabbage and parboil 20 minutes, adding a pinch of soda to the water; drain; add a little salt, and cook until tender. Prepare a rich white sauce, and when cabbage is done place in baking dish in alternate layers, spreading bread crumbs and grated cheese over the top. Bake until crumbs are a nice brown.

Salmon en Casserole—One can of salmon picked to pieces and bones removed. Put in a casserole with layers of bread crumbs, butter, salt and pepper, and salmon alternately. Add one cup of milk. Bake 30 minutes.

SUGGESTIONS

Have you ever made use of dried, pickling herbs such as can be bought at almost any grocery store? These consist of bits of every sort of leaves broken in small pieces, mingled with little bits of dried red pepper, black peppercorns and a dozen or so other things that are easily never seen growing, but that add delicacy and piquancy to the pickling mixture. Now this pickling mixture is very useful in flavoring stews and other meat dishes. A teaspoonful of it should be put into a piece of cheesecloth, tied securely, but allowing plenty of room for the flavoring to move about in the little bag. Simmer this with the stew. It is better to make use of it this way than to put it loose in the meat.

To whiten your bathtub use borax or salt and in extreme cases oxalic acid, but as a general rule don't use acid, as it will remove the fine glass of enamel on an iron bathtub, which cannot then be replaced. Acids remove stains and the enamel along with them.

"Tinker Bob" Stories

by Carlyle H. Holcomb

MR. LION ANSWERS A ROAR

Tinker Bob was having the most wonderful time of his life in the midst of the jungle in company with Tim, the elephant, and Silky, the monkey, and Mr. Lion, the self-styled King of the Jungle. When Mr. Lion started away to the thicket in answer to the roar, Tinker didn't know just what it meant.

"What is he going to do now?" he asked of Tim.

"Well, I don't know what he will do, but I know he doesn't allow anyone to answer him in that tone without making him feel very good so he lets us know that."

"So he gave him an uncomfortable sense of being captive, of seeking blindly any course to freedom."

"I no longer know anything about you. I don't care to know."

Lambert and Dairymple protested in vain for the entrance of a figure, exalted, powerful, nearly legendary. Betty, he reflected, had become that because she was about to marry. He found himself fascinated, too, looking at the door, waiting with a choked feeling for that girl who had unconsciously tempted him from their first meeting. BEAUTY CHATS

by Edna Kent Forbes

IS YOUR FOOT PERFECT?

Are your feet perfect? If so, you are one woman in a thousand according to foot specialists. If so, it is such a rare thing that you should be proud to keep them so.

The foot need not be small in order to be considered perfect. In fact, in all the most beautiful examples of Greek sculpture, the feet are made comparatively large. Otherwise they would not seem able to carry the weight of the body. It was the Chinese who introduced the idea that small feet were beautiful, which still influences western civilization.

The perfect foot is fairly long, slender in proportion to its length, with a high instep and a narrow heel. The toes should be fairly long and should be straight and end in nails as perfectly developed as the nails of the hand.

No foot can remain perfect if it is badly shod. Shoes that draw the toes together will cause the big toe joint to enlarge and will help break the arch of the foot. Shoes that are too short will make the toes curl under, and the sensitive toe nails will be deformed. Shoes with very high heels will throw the feet out of position and bring on broken arches. Shoes that are too small will stop the circulation, and shoes that are too large will be as harmful as those that cramp the feet.

It is amazing how the shape of the foot will be improved if the proper sort of shoes are worn, even though the foot has been deformed for years.

Glory—The only thing you can do for your hair now is to give the proper care and just be patient until the color has been restored to it. It sometimes takes a full year for the hair to recover after it has been bleached; so it is advisable to cut off as much of the length as can be spared and yet be able to do it becomingly.

A fine cream is better for the skin than an oil, even though it is olive oil, as there are other ingredients in the cream that are good for the skin. Such a cream will nourish the tissues so you will have those fine lines. It is better to use an astringent several times each week and the nourishing oil, as there are other ingredients in the cream that are good for the skin.

With this machine," argued the agent, "washing is made so easy that you will be able to dispense with the services of a laundress."

"Oh, but that would never do," objected the lady of the house. "I didn't have a laundress come in once a week I never would know what is going on in the neighborhood."

"Well, that's settled!" said the other woman. "I will have the laundress come in once a week, after he, apparently, had been ruminating over the holiday nightmare. "Now let's go to a movie."

Dinner Stories

A little boy stood at his garden gate and howled and howled and howled. A passing lady paused beside him.

"What's the matter, little man?" she asked.

"O-o-oh!" he wailed. "Pa and ma won't take me to the movies."

"But don't make such a noise. Do they ever take you when you cry like that?"

"S-s-sometimes they do and some times they don't," wept the lad. "but it ain't no trouble to yell."

DANISH LOTTERY TICKET RECEIVED

Postmaster Notifies U. S. of
Illegal Mail—\$150,000
Scheme.

Activity of the Danish authorized lottery has reopened in the United States. The first circular has reached Janesville sent in an ordinary private correspondence envelope addressed by hand to the Postmaster of the postal authorities. Postmaster J. J. Cunningham, to whom the matter was referred by the Gazette, has informed the postoffice department at Washington, circulation of lotteries in the United States being forbidden by postal laws.

The lottery, said to be guaranteed by the Danish government, is for \$150,000 with tickets at \$7.50, with 21,775 prizes and a single home for the grand prize of \$100,000. It is how to get rich quickly. It states that orders will be accepted in exchange to protect the purchaser.

The letter was mailed in Milwaukee with four marked postage, evidently to save money, postage in Copenhagen costing three and a half cents more per letter.

VOICE OF THE PEOPLE

Editor Gazette:
The fact that there were so few responses to the call for partly worn materials, made some weeks ago, was due to the counter reports of conditions, by which workers obviously not so well acquainted with the real inside truth of the matter as are our two nurses—Miss Glenn and Miss Andrews.

These two devoted missionaries of the gospel of health and cleanliness go in and out of many homes, and they certainly are in a position to know of existing needs. Miss Andrews says the number of needy families in a large part of the city is surprising, and Miss Glenn said there were also many needy ones, a remark strongly confirmed by Mr. Green a few days ago when he said that many were near the end of their rope, and help would be necessary.

These people need shelter, food, fuel and clothing, and warm weather is still many weeks away. It is an industrial improvement, giving work to many anxious fathers.

If the women of the city are willing to help out on the clothing question, much can be saved to ward the other need. A spirit manifesting which takes the joy out of giving. The case of a woman in a neighboring city illustrates what is meant. When reported, the family—the mother and her four children—had been without food for two days, and the children were crying bitterly from hunger and cold. They were duly provided for, and the mother's greatest anxiety seemed to be that she had no money with which to buy an Easter hat. Janesville mothers may be more sensible, but if not, let us not forget that little ones in this community of plenty must not be allowed to suffer from negligence.

The fact that the hundreds upon hundreds of garments which have already passed through the hands of the nurses, were mended, made

LOCAL MAN HASN'T TAKEN TRUTONA FOR MONTHS BUT SAYS HE FEELS "JUST FINE"

Keeping On Improving After Discontinuing Treatment—He says Today He Weighs Total Of 23 Pounds Weight.

"I haven't taken Trutona for several months but I've never felt any more fit for my work than I do today and I can certainly recommend this great medicine as ONE preparation that gives PERMANENT relief," Martin Smith, an employe of the Interurban Hotel, Janesville, told the Trutona Expert who called on him a few days ago.

"I was almost down and out, could scarcely work at all and was suffering from stomach troubles when I began using Trutona last fall," he continued. "At that time, in three weeks, I gained 18 pounds, my stomach troubles disappeared, my head and constipation vanished and I felt like

Dr. George Nash, Native of Janesville, Attains Fame as Church Leader

With the selection of Dr. George W. Nash, formerly of Beloit, Wis., as president of the Congregational Foundation of Education, another native of Janesville steps into the national limelight. Dr. Nash, who was born in Janesville in 1868, took up his work as president of this newly organized foundation, formed at the national Congregational council in July of last year, the first of the year, and has already started out with an impetus that promises much success for the new organization.

The Congregationalist, the official organ of the church, gives the following as some of the major details of the life of this man: He was born in Janesville Dec. 22, 1868;

DR. GEORGE NASH

graduated from Yankton college in 1891, studied at the University of Leipzig from 1894-95, and at the University of Minnesota, in mathematics and astronomy, from 1895-1897.

Held office in So. Dak. He was principal of the Yankton College Academy from 1895-97, took up his work as a professor of mathematics and astronomy at Yankton from 1897 to 1902. He was then elected state superintendent of public instruction for South Dakota, and held that office for two years, 1903-05. He was then made president of the Northern Normal and industrial school at Aberdeen, S. D., holding this position from 1905 to 1914. He has been president of the State Normal school of Washington at Bellingham. His alma mater honored him with the degree of doctor of laws in 1912.

It has been said of Dr. Nash that if he had entered politics, any position in the state would have been open to him. In so doing, turned down what perhaps would have been a brilliant political career. But his career has been inspiring and his steady advancement has shown the ability he possesses of highly.

All connected with Dr. Nash speak highly of him as a man, and there seemed to be no question from the first of the forming of the new foundation but that he would be chosen to head it.

Dr. Nash himself, in speaking of Janesville, said: "It is true that I was born in Janesville. At about two and one-half years, I went with my parents to South Dakota. Later I returned to Janesville and lived at the home of my grandparents, Mr. and Mrs. George H. Williston, while attending school at one of the old ward schoolhouses. I believe I was about ten years old on the occasion of this return to Janesville."

Dr. Nash states that he hopes to return to Janesville soon for a visit to the old places that are familiar to him.

There is a story told of Nash's childhood. At about two and one-half years, I went with my parents to South Dakota. Later I returned to Janesville and lived at the home of my grandparents, Mr. and Mrs. George H. Williston, while attending school at one of the old ward schoolhouses. I believe I was about ten years old on the occasion of this return to Janesville."

Dr. Nash states that he hopes to return to Janesville soon for a visit to the old places that are familiar to him.

A new man. "I still feel the same today, though I haven't used Trutona for some time. This medicine gives me PERMANENT."

With scores of their friends and neighbors fairly marvelling over the PERMANENCY or their benefits, countless Janesville people now fully realize that there is a vast difference between Trutona and the ordinary proprietary preparation. Trutona's action on the mucous membranes is nothing short of remarkable. It goes down to the very root of stomach, liver, kidney and bowel troubles and REMOVES the CAUSE of them, which eliminates the likelihood of return. It is and was subsequently insuring PERMANENT relief. Trutona is sold in Janesville at the PEOPLE'S Drug Store; Edgemoor, Atwell-Dallman and in surrounding towns at all good drug stores.

Prison Set Shuns Slayer After Revolting Crime

Cheyenne—Herbert Brink, murderer plus, formerly a hero in the eyes of the inmates of the Wyoming penitentiary, is now, after seven years of freedom, the most despised creature among the 200 in the prison. Once under sentence of death for a triple murder during the bloody episode of the last of the Wyoming range wars—the Zensel raid in 1905—Brink was saved by executive clemency, five years later was paroled, broke parole and fled with his devoted sister, a pretty, and vivacious girl of DeBeque, Colorado, to British Columbia.

Recently a faded, haggard, hungry woman, with her three starving children, appealed for assistance to the authorities at Vancouver. The father of the children, she said, had cast her off. She was Brink's sister, and the children, she said, were offspring of Brink.

The Canadian Northwest Mounted Police promptly arrested Brink to earth. He was willing—nervous, anxious—In view of the revolting charge on which the Canadian authorities might prosecute him, to return to Wyoming without extradition. Now he is back in the Wyoming penitentiary, to serve the remaining twenty-one years of his continued sentence for murder.

The Story Spreads. There is a case among convicts. The story of Brink's career while he was a fugitive in Canada, quickly spread from mouth to mouth through the prison, and the erstwhile hero of the range wars, held in profound contempt and viewed with undisguised hostility by those compelled to associate with him—criminals all, but all regarding themselves infinitely his superiors in moral decency.

In 1913 Brink was the leader of a convict mob that lynchd in the penitentiary a negro, charged with crime against an aged, white woman. The negro was placed in the state prison for safe keeping while awaiting arraignment and promptly was hanged by the convicts. Now as he covers at his machine in the shirt factory, Brink watches his companions, apprehensively, vividly in his mind recollection that even the penitentiary is not a refuge for one who too guilty of crime to be trusted.

The "Tensleep Raid" for participation in which Brink and another, Lorenzo Fasso, were sentenced to life imprisonment. Later Brink's punishment was reduced by commutation of his sentence to twenty-two years. In 1914 he was paroled, and soon thereafter fled to Canada.

Such a "dead line" was established early in 1909 in the Tensleep region of Big Horn county, Wyoming. Three blockmasters—Allemand, Emge and Lazler—headed the cattlemen and drove a herd of sheep across the line into "cattle territory." When they were sent back by night they were attacked by an armed band, shot to death, their bodies and their camp equipment burned and more than 1,000 of their sheep driven off the premises. For weeks the identity of the murderers was a mystery, but eventually Joe LePore, a range detective too courageous to be discouraged by open community violence, and threat of death if he persisted in his investigation, obtained evidence which resulted in the arrest of Brink, Fasso, Thomas Dixon, Milton A. Alexander and George Saban.

The latter two were prominent cattlemen; the other three their em-

ployes. Feeling was so bitter during the trials of the winter at Basin that the national guard garrisoned the courthouse and patrolled the town.

Two Sentenced to Hang. All five defendants were convicted. Verdicts of first degree murder were returned against Brink and Fasso and they were sentenced to hang. Alexander and Saban were convicted of second degree murder and sentenced to serve from twenty to twenty-six years. Dixon was found guilty of arson only and was sentenced to serve from three to five years. The injustice of hanging Brink and Fasso, while Saban and Alexander—regarded as the major principals in the assassinations—were permitted to live, was so great that the governor commuted the sentences of Brink and Fasso to life imprisonment. Later Brink's punishment was reduced by commutation of his sentence to twenty-two years. In 1914 he was paroled, and soon thereafter fled to Canada.

Fasso in 1912 led a revolt by convicts at the penitentiary at Rawlins, Wyoming, shot to death a citizen who attempted to prevent the escape of a dozen convicts who broke through the prison wall, and a few minutes later himself was shot dead. Saban after a brief period in prison was permitted to go with a convict road gang to the region where the Tensleep raid occurred and promptly violated the camp "honor system" by escaping. It was assumed with the connivance of friends, and last was heard from in South America. Alexander was paroled in 1917.

Dixon served his full time.

**MERLIN HULL MAY
RUN FOR CONGRESS
OPPOSING J. D. BECK**

Madison—Word has been received here that Merlin Hull, Black River Falls, from 1917 to 1921 secretary of state of Wisconsin, intends to be a candidate for congress in the seventh Wisconsin district to oppose J. D. Beck in the September general election.

Mr. Hull was a candidate for governor in the primaries of 1920 and has been active in state politics for years. It is understood that he intends to be a candidate for prohibition laws.

Should the report of Mr. Hull's candidacy for congress be confirmed, it will mean he has voluntarily stepped down from the field of prospective candidates for governor.

William Taking No Chances on Justice Under Feather Coat

[BY ASSOCIATED PRESS.]
Milwaukee—With the room full of criminal court fans, and as the "heavy" men, here, 35, announced the court in session, a pigeon flew in the window and perched on the bar of the court. The judge, who was a year in the house of correction in 1919 for larceny, was brought up on a second offense charging forgery of \$32 worth of checks. A witness testified that he had cashed a check for Rosenblatt.

"Clew! Clew! Clew!" chortled the feathered justice. "Two years in the house of correction," confirmed Judge A. C. Backus.

Two more cases were heard by the court, and in each case the pigeon, strutting on the bar, would "booh! booh! booh!" and each time, too, a sentence was given.

Henry Smith, negro, charged with assault with intent to murder Mattie Washington, negro, Jan. 8, was acquitted. "Ah ain't superstitious, even if Ah is cullud, judge," Smith quothed. "But Judge, suh, kin Ah please hab a jury trial?"

DON'T LEAVE BRAINS ON PIANO, WARNING TO GIRLS AT NORMAL

Kalamazoo, Mich.—"Don't leave your brains at home on the piano when you start out on an evening's entertainment," President Dwight R. Waldo of Western State normal warned students, apropos of the injury to Miss Edmeline Kwakernick, who jumped from the automobile of John Duval Dodge, son of the late John Dodge, auto manufacturer, and was seriously injured. Dodge is under \$7,000 bonds to appear for hearing March 21. President Waldo warned co-eds against accepting what may seem pleasant advances from persons you do not know.

SMOKING "COMMON," LOSES ATTRACTION FOR CHI FLAPPERS

Chicago—"Smoking among women was introduced by the so-called upper set and then imitated by others," said Dean Marion Talbot in introducing recently to students of Green Hall, a girls' dormitory at the University of Chicago, a request from President Harry Pratt Judson that there be no smoking in the dormitory.

"Now," continued Miss Talbot, "those who introduced the practice, are abandoning it because it has become common. Therefore, think it is time for the rest of us to do likewise. I would suggest that any persons so addicted to tobacco that they cannot do without it seek quarters elsewhere."

"Thought there were men who acted by the student government board barring women smokers," a student residing in Green Hall said today. "If there has been any smoking in the hall since President Judson's message was read with Dean Talbot's comment, I have seen NONE of it. At any rate, I am satisfied there is NONE on my floor."

Are Weak Kidneys Making You Feel
Older Than You Should?

Many Folks Are Older at 40 Than Others Are at 60. All Too Often Sick Kidneys Are to Blame.

ARE you one of those unfortunate folks who find yourself feeling older and slower than you should? Do you get up mornings feeling lame and stiff; drag around day after day with a constantly aching back? Evening find you utterly worn out—only for bed? Do you wonder why you are beginning to feel so old—why you find it impossible to be happy and to get from life the fun you used to have?

Then you should give some attention to your kidneys. Present day life, with its hurry and worry is mighty hard on the kid-

neys. The kidneys weaken, uric poisons fill the blood and upset the whole system. That's why so many folks feel years older than they really are. And all too often the true cause is overlooked until the trouble becomes chronic.

Don't neglect these early symptoms! Realize that it's just this condition that leads to hardened arteries, rheumatism, gravel, dropsy and Bright's disease. Use Doan's Kidney Pills and give your weakened kidneys the help they need. Doan's have helped thousands and should help you. Ask your neighbor!

CITY STARS HOPE TO LAND PLACES IN HIGH MONEY

Janesville bowlers are off to the American Bowling congress tournament at Toledo. They roll in the five man shift Wednesday night.

The members of the teams are:

Merriek, Richards, and Messick.

New Commercial.—Dey, North, Grant, Ryan, and another.

While the locals are not expected to land at the top, they will possibly make a big stab for the money. As an example, the final home game for the Maxwell hotel was \$250. The leading mark held by the Minneapolis of Chicago is 290.

They will have a mark of 729 to roll at in the class, that made by Lundgren of Chicago.

JEFFERSON COUNTY TOWNS FORM NEW BASEBALL LEAGUE

Jefferson—At a meeting of baseball coaches of cities and villages of Jefferson county at the Business Men's club, Johnson Creek, a new baseball league, known as the Jefferson county league, was formed. John D. Parbaker, popular baseball fan of this city represented Jefferson.

Jefferson, Port Atkinson, and Waterloo withdrew from the Tri-county league, owing to the great expense from one place to another, and the great traveling expenses.

The following teams will represent the Jefferson County League: Jefferson, Port Atkinson, Lake Mills, Waterloo, Watertown, and Johnson Creek.

The officers of the league elected at the meeting are: President, Mike Davey, Watertown; Vice president, Charles C. Goodrich, Port Atkinson; secretary and treasurer, L. Heideman, Waterloo. The finance committee will consist of the managers of the Jefferson, Port Atkinson and Lake Mills teams.

The league insists on "all home" players, and will hire three umpires at a fixed salary. The rules, in which further details will be discussed, and a schedule fixed will be held in Jefferson within the next few weeks.

MILTON ROMNEY CAPT. OF CHICAGO U. MAY BE BARRED

Chicago—Milton Romney, captain-elect of the Chicago University football eleven may not be eligible for the 1922-23 athletic teams, it developed today. Strangely, if he is barred, ineligibility will come through having gone too well in chess and not through the usual reason of low grades.

Dean Robertson indicated he that if Romney remains in school this semester, he will have sufficient credits to graduate him in June. Holding a degree would make him ineligible for athletes.

On the other hand should he drop this semester and return next fall, he might be ineligible through a conference rule prohibiting a man playing if he was not in school the previous semester.

Dean Robertson indicated, he would ask the conference for a special ruling in Romney's case inasmuch as the rule has not been stringently enforced. Many of Romney's credits resulted from unusually high grades.

WICKAM WRESTLES FURNACE AT ALBANY

Albany—Whitney Wickam, the Watertown lad who supplied Capt. Walter Evans by defeating the Valparaiso star on the wrestling mat here recently, is the headliner on another good card here Thursday night. He will meet Carl Furness, Chicago, at 155 pounds.

Furness is a leading middle weight aspirant for Johnny Meyer's crown. He is a whirlwind and will put Wickam to a severe test. A win for Wickam will put the Watertown lad nearer the coveted match for Meyer.

Benny Cleveland and Warden Francis meet in a preliminary.

ELLIOTT IN TOWN TO SEE PERRING

Alva (Rowdy) Elliott, former holder of the Samson wrestling championship, and now captain of the University of Wisconsin nine, arrived in Janesville Tuesday afternoon. He came to see George Perring, manager of the ex-Samson, and it is understood, to take up the matter of his having played with the Samsons from the standpoint of collegiate eligibility. He was the guest of "Smiling Bill" Lathrop.

Bellevue—The Bradley Knitting company basketball team defeated the South Beloit Aggies Tuesday night at Beloit, 24 to 18. This is the second victory in the past few days for the Bradleys, the other being over Zenda, 33 to 29. The locals had Hicks, Hirt, Goff, Wright, Loughlin, Fleming and Zingrebe in the lineup.

SEVENTH GRADE WINS MILTON BASKET MEET

Milton Junction—Defending the eighth grade, 29 to 25, the seventh grade school basketball tournament here, in the opening game, the eighth grade trimmed the sixth. Monahan was high scorer for the Bradleys, the other being over Zenda, 33 to 29. The locals had Hicks, Hirt, Goff, Wright, Loughlin, Fleming and Zingrebe in the lineup.

SCHOOL BASEBALL AT EDGERTON

Edgerton—School baseball, will within a few days, be in full swing. Teams are being formed by members of the freshman to the senior class. A class tournament will be held directly after formations of all teams. The winning team will in all probability be the Edgerton High Base Ball team, and will meet teams from such cities as Madison, Stoughton, Janesville, Milton, Cambridge and Ft. Atkinson.

Busy Man's Sport Page

Plans are being discussed to form a baseball league in the towns west of Janesville. If these towns agree, they will probably take in such places as Brodhead, Monroe, Juda, Oxfordville, Monticello and Durand.

A sectional amateur basketball tournament will be held in Janesville in the near future. It will include teams from within short distances of Janesville. A. E. Bergman, physical director of the local Y. M. C. A. with Director Joerg of the Beloit "Y," is the investigator.

The prediction was made in this column last week that the gridiron coaches of the United States colleges would do nothing about professionalism. They didn't.

Officials of the newly organized "Big Eight" conference meet in Chicago Saturday. Charles L. Bruce, originator of the new group, is expected to take up the professional question, and a new clarification of the rules. A concerted check will be kept upon college athletes.

Kenosha sings a song that organized baseball has it in for semi-pros like the Chicago Mid-West league of which it is a member. It cites as conclusion reports that big league clubs are applying for births in semi-pro circuits. There are two sides to this story, as Kenosha may learn.

Two years ago, organized baseball banned "awk" pitching for all except pitchers then in big time. The following are those remaining: In the American League, Coveleski and Sathorn of Cleveland; Eber of the White Sox; Sock of St. Louis; Leon of the Tigers and Quinn and Russell of Boston. In the National League, there are, Alvin Gilman and Ed Douglas of Brooklyn; Doug, of Louisville; Boston and Douglas of the Giants.

Tony Dennis, Milwaukee, finishes his training this week to meet Tommy O'Brien, Australia, at Waukegan.

Duke Ruth was selected 1922 captain of the New York Yanks.

Fight Results—Fred Fulton, heavy, knocked out Jim Holland, (9). Carl Tremaine, bantam, shaded Jacob White (12). Joe Lynch, bantam, shaded Terry Martin (12). Middle O'Dowd, bantam, outpointed Willie Spence in four rounds. (12). Ed (Strangler) Lewis, heavy weight wrestling champ, defeated Jandara Gobeze, India. Mike Gibbons, St. Paul middle, outpointed Leo Stokes (10).

Roumania challenged for the Davis tennis cup.

New York sends 10 men to Milwaukee handball tourney.

Resuming baseball, Minnesota challenged Iowa.

Rockford meets Centralia for the Illinois state high school basketball title.

Stars of the skating world will compete next week in the international ice races at Milwaukee.

France is making every effort to keep the 1924 Olympics.

The Three-Eves league adopts a 140-game schedule.

Milwaukee won from Minneapolis, 5-3.

At Baseball Camps—Another White Sox-Cubs exhibition was scheduled Wednesday at Sequim, Tex. McGraw will start Pitcher Barres. Other southland news: Browns play Mobile Wednesday. Fourier and Sherbille complete Cardinal roster. Every Philly made at least one hit trouncing Leasburg 17-2. Connie Mack continues giving Athletics "family" ball games. Cobb showed the Ty-Guns how to "hit the dirt" base stealing. Huggins gave Roth indefinite suspension for getting off the reservation. Brooklyn acquired George Whiteford from Pittsburgh and Robinson seen seas another pennant. Killefer made switch Kelley to second and Terry to third on the Cubs.

7TH ANNIVERSARY SALE

In honor of the occasion which prompted us to inaugurate this sale, we will, during the 3 days' time this sale is in progress, offer many good and tempting bargains, selected from the various departments throughout the store, to show in a mild way our great appreciation of what you have done for us in making this store a complete success.

Yes, 7 years ago the 17th of March, we announced the opening of our New Dry Goods Dep't. We believed at that time this community needed and would be greatly benefited in having another store of this character in the city. Judging from the liberal patronage you have given us during the 7 years, we believe our prediction was well founded. We have made many modern improvements and added several new departments during this time, and as the time goes on we expect to continue improving in keeping with the times. However, we are certain that with our present equipment, the class of goods we carry, and the prices we offer there is no better place in Southern Wisconsin for you to trade.

Our 2nd Floor Departments Offers Many Anniversary Bargains

DRAW PLANS FOR NORMAL ADDITION

Auditorium and Rooms for Departments Hoped for in New Building.

Whitewater.—Whitewater normal is planning to add a new building to the existing one, and the breaking of ground for the new east wing to the normal school building. The legislature appropriated \$250,000 for an addition. The state architect is preparing plans.

Provision for Auditorium.—President Hoyer hopes to have the new wing contain a large auditorium, rooms for the home economics department, the kindergarten and the commercial department. His plans call for an auditorium which will seat 1,000 to 1,200 people. An auditorium large enough to seat 1,000 students will provide a fine place to bring the normal school, the normal high school and the training school together in one room, when a special occasion makes it desirable. The auditorium will be in accordance with President Hoyer's plans it will contain 10 new recitation rooms and eight offices for heads of departments and their assistants. The auditorium and home economics department, the kindergarten, the model school and locker rooms for men and women.

Department in Coal Mine.—At present, the Home Economics Department, the kindergarten and the model school are housed in the basement and the kitchen is under a sidewalk in a room built for a coal bin. The kindergarten is in another corner of the basement, detached and isolated from the rest of the normal school. At present nearly 200 men are required to use a room about 24 feet square as a locker room.

The normal high school, which is used for the training of commercial teachers, will probably be moved into the present assembly room of the normal school.

FOOTVILLE

Footville.—Miss Violet Fisher spent the weekend with Miss Daisy Ringen. Mr. and Mrs. Minnie Ringen and son, Lowell, Brodhead, called at the home of Mrs. J. H. Ringen, Sunday. Mr. and Mrs. W. J. A post card shower will be given Mrs. Barbara Kenhorn March 16, her birthday.

Winter Loosens it's Grip a Little

When Janesville people contemplate the winter through which they have passed and compare it with other sections of the state, they have cause for rejoicing. According to travelers who have recently been north, the winter has been a difficult path.

Monday it was an ideal spring day in Milwaukee. On the way north the bare ground gradually disappeared and at West Bend ice began to appear in streams. South of there the snow was more ice. Winnebago was one great, solid sea of snow and ice. Here at Fond du Lac the storm disaster signs began to be apparent. Trees in streets and in the groves were broken and crushed. The ground was covered with limbs fallen and in other places great heaps of branches were piled. This was notably so at the Northern Insane asylum above Oshkosh. There has been no telegraph or telephone communication with the clinics in the Fox river valley district since Chicago for two weeks. Wired information comes from and to St. Paul. The telephone company is putting up a cable to take the place of the wires between Fond du Lac and Green Bay in Green Bay Monday was the first that had a touch of spring since last December. North of there the snow was still so deep as to make roads almost impassable except in some of the counties in Michigan where the county authorities have kept the roads open.

SPRING! BOYS SWIM

Summer is here! Four Janesville boys went swimming in Rock river Monday afternoon. Balmey air and a thermometer up to 64 was too tempting for the lads as they strolled along the banks of the stream. "Let's go swimming," chirped Kenneth Dixon. W. McKaig, Henry Schweiger and Don Black, all high school students, and the boys were stripped, frolicked as the gentle zephyrs kissed them and plunged. "One ducking was enough," they had to rub each other to get warm again. Schweiger went second place in the X. M. C. A. half mile swim last summer.

Dig Up Horse-Drawn Hears After 24 Hours

Denver—Mrs. Ella M. Sears, wife of a prominent physician, expressed a wish before she died that her body be taken to the cemetery in a horse-drawn hearse. An undertaker, after a 24 hour search, found one in the basement of an old, ivory stable.

WATCH DEMONSTRATION

Chief C. J. Murphy, Firemen Frank Murphy and Sam Finn, noticed to Edgerton Monday afternoon, to see a test of the Tobacco City's new fire truck, an exact duplicate of the last one bought by Janesville.

ANIVERSARY

Unequalled in Value!

Compare Lyon & Healy Reproducing Piano With Others at Double, or More!

The piano trade is amazed at this instrument! It admires its supreme quality. It marvels at its low price! "How can you do it?" is the question on every hand. A natural one, to be sure. The answer lies in Lyon & Healy's vast resources. In their long experience in the development of fine musical instruments. In their earnest desire, now that they have perfected this magnificent Reproducing Piano, to bring it at once within the reach of as many music lovers as possible.

The Piano Incomparable
While the trade marvels at the value, you will marvel at the instrument itself. You will hardly believe that such artistic playing can be automatic. That it is impossible to tell when the great artist plays and when the piano alone reproduces his art!

This Reproducing Piano is first an instrument of superb tone and exquisite beauty—the famous Lyon & Healy Piano. All that you could desire in a piano is here! In this distinguished instrument has been incorporated a new, perfected reproducer. There is no change in the piano's action when you wish to play it yourself. But a new delight has been added. For now you can enjoy, at will, the playing of the greatest pianists!

A New Home Entertainment
Hear the world's foremost pianists in your own home! Paderewski, Hofmann, Bauer, and many more—or, when you choose, the best players of popular music—always ready to entertain you and your guests. Not a mere "mechanical" imitation of their playing. Their own actual touch on the keys, reproduced with perfect fidelity! Every shade of expression brought out, just as if the artists themselves sat before you! You can feel their personality at the piano.

This Test Is Convincing
A skilled pianist plays' part of a selection. The Lyon & Healy Reproducing Piano takes it up. Artist and Piano alternate. You cannot tell which is playing! So perfect, so artistic, is the reproduction. Ask us for a demonstration of this superb instrument. Learn for yourself what unique pleasure it can give. No obligation. It may be had in beautiful Apartment Grand and attractive upright models at prices that make it the greatest value in the piano world. A strong statement—but easy to prove! Just compare this Lyon & Healy Reproducing Piano, in upright models at \$1,100 and \$1,140, in grands at \$1,950 and \$2,000, with the most costly instruments selling at \$4,000 and upwards, and judge for yourself!

BRIEFS BY WIRE

New Orleans.—At least 27 persons were killed and many others seriously injured as a result of the series of storms which visited isolated sections of Louisiana, Mississippi, Arkansas and Oklahoma.

Palm Beach.—Disappointment over the refusal of operators in the bituminous coal industry to meet union miners in conference, in an effort to write a new national wage contract, was expressed by Attorney General Daugherty.

Chicago.—Twenty-six corporations manufacturing cement in the middle-western states, and 48 individuals, were named in an indictment charging violation of the Sherman Anti-trust law.

Chicago.—Judge John J. Sullivan announced he would institute contempt of court proceedings against State's Attorney Crowe for his actions in the trial on charges of murder of Thomas Walsh, labor leader.

Whitewater at Racine

Whitewater.—The local normal high school will play Racine in the opening game of the Milwaukee normal high school basketball tournament Thursday at 3:30 p. m. The locals are figured as having a chance against anything in the district.

Seymour Cox, charged with defrauding investors of \$1,000,000 in worthless oil stocks, will be returned to New York for trial.

Flu, Grippe and Contagious Colds

Keep the Grippe, by whatever name you may know it, away from your door. This can easily be done if you use CHIROPRACTIC as a preventive and which there is nothing more effectual. Keep our backbone in a normal condition and all will be well.

CHIROPRACTIC SAVED THOUSANDS OF LIVES

during the big "Flu Epidemic" simply because it was ready. We read in the publications the nature of Spanish Influenza and that Science had not found a "Specific" for the disease.

Chiropractic recognizes bodily resistance as the only "specific" against "Flu" or any other disease. During the "Flu Epidemic" Chiropractic had the "Specific" at once without experiment, thereby saving thousands of lives. Its "specific" was simply to increase bodily resistance to a point where the "flu" germ was powerless against it. Chiropractic shows a death rate on the so-called "flu" of one-fifteen thousandth of one per cent in America. Isn't Chiropractic worth investigating? Vital and positive proof, facts and figures will be shown you if you desire to investigate.

Chiropractic is ready for a thousand new diseases and its "specific" will be the same universal "specific"—RESISTANCE. Consult the Chiropractor at once regardless of what your disease may be, and you will be enabled to secure relief.

Illuminated Chart of the Human System

There may be seen at this time in The Gazette window an illuminated chart of the human system showing the relationship of the various spinal segments or vertebrae to the organs of the body. This chart is well worth seeing and is very complete and contains thereon a great deal of information of interest.
